GUNNAR MYRDAL'S *An American Dilemma* is not an easy book for an American Negro to review. Not because he might be overawed by its broad comprehensiveness; nor because of the sense of alienation and embarrassment that the book might arouse by reminding him that it is necessary in our democracy for a European scientist to affirm the American Negro's humanity; not even because it is an implied ...

Security dilemma, in political science, a situation in which actions taken by a state to increase its own security cause reactions from other states, which in turn lead to a decrease rather than an increase in the original state's security.. Some scholars of international relations have argued that the security dilemma is the most important source of conflict between states.
