home, the home health aide may run these errands for the patient.

How to Become a Home Health Care Aide

A home health aide is a professional who helps elderly or disabled people who are living in their own homes instead of nursing homes or health care facilities. Home health aides also sometimes work with people who are recovering from illnesses, injuries, or surgeries.

What does a Home Health Aide do? (with pictures)

Education: Although you don't need a high school diploma to become a home health aide, most people who work in this field have one. Since those are the job candidates with whom you will be competing, it makes sense for you to stay in school. Training: Home health aides receive on-the-job training from registered nurses, licensed practical nurses, or experienced aides.
