Law and Human Behavior is a bimonthly academic journal published by the American Psychology-Law Society. It publishes original empirical papers, reviews, and meta-analyses on how the law, legal system, and legal process relate to human behavior, particularly legal psychology and forensic psychology.

Law and Human Behavior - Wikipedia

And just as Newton's Laws describe the motion of physical objects, these Laws of Human Behavior aim to provide a general model for how humans behave. People tend to stick to the status quo unless the forces of friction or fuel push us off of our path; behavior is a function of the person and their environment; every decision includes tradeoffs and the potential for unintended consequences.
